

Present Members of
Board Renominated

R. J. DOTHARD AND MRS. GRACE
G. BATCHELOR, REPUBLICAN
NOMINEES FOR SCHOOL
DIRECTOR

A very spirited campaign for school directors to be elected in November ended last Tuesday by all four contestants winning a place on the ballot at the November election.

Mrs. Grace G. Batchelor and Mr. Robert J. Dothard, present members of the Board, were nominated for reelection on the Republican ballot by a very close vote. On the Democratic ballot, Mrs. Abbie W. Nickerson and Mr. Harry M. Chalfant, new candidates for Director, were chosen to represent that party in November.

Following are the number of ballots cast by each candidate for School Director:

	Rep.	Dem.
Mrs. Grace G. Batchelor	215	8
Robert J. Dothard	207	8
Mrs. Abbie W. Nickerson	179	34
Harry M. Chalfant	165	32

The vote on the proposed Constitutional Convention was 344 "Yes," and 65 "No" in Narberth, although the proposition was defeated in the State as a whole.

Mr. Metzgar Nominated for Burgess
Mr. Carl B. Metzgar, at present a member of Borough Council, was nominated on both the Republican and Democratic Tickets for the office of Chief Burgess.

Prizes For Essays

The Editor has received the following communication which will be of considerable interest to pupils in the Grammar School and Junior High School. To the Editor of Our Town:

In order to stimulate interest in the habit of observation, I suggest the following as subjects for essays, to be submitted by the children of Narberth.

For the best written communication submitted, a prize of five dollars will be awarded, three dollars for 2nd best, and two dollars as 3rd prize. Judges to be selected later, and names of judges to be announced in Our Town, the whole to become effective provided at least twenty-five boys and girls compete.

All pupils in the Junior High School (first nine grades) or younger are eligible. Letters should be written on one side of the paper and should not exceed 500 words in length. All communications to be the property of Our Town, as many to be published as space will permit. Money to be paid after awards are announced.

Letters to be written on any one of the following subjects:

1st. Why do chicks delight in perching on the backs of the mother hen, and in what species is this habit noticeable?

2nd. Why is the female of bird kind usually of sombre color as compared with the usual bright and colorful shades of the male kind?

3rd. Why will a duck swimming with her young, kill any of the swimming flock that should happen to be wounded?

4th. Why does a mother quail stimulate lameness when surprised while feeding her flock, after having given her young the signal to hide?

In writing on these suggested subjects the contributor need not necessarily be judged most nearly correct to win, although a well written and plausibly correct observation would naturally be acceptable. What we want is a display of the ability to think, and to be able to express the thought in writing. Scientific communications are not solicited. Good English or its use will be a strong point. Send all papers to Our Town, P. O. Box 966. OLD TEACHER.

League of Women
Voters Attention!

The members who enrolled in the Narberth branch of the League of Women Voters are kindly requested to send their unpaid dues of \$1 to the treasurer, Mrs. E. C. Cockrill, Forrest avenue, thereby enabling the payment of its assessment of \$50 to the support of the County and State organization by Oct. 1st.

It is only by the continuous support of this organization in our State that any Legislation for betterment and progress within its borders, as endorsed by this group, can be made effective and every attempt made to steer the women clear from any political pitfalls. For in spite of predictions to the contrary, the League continues to remain non-partisan.

The local branch has under consideration several meetings this winter for the purpose of clearing up in the minds of the women voters many things that now seem very vague and uncertain. It is its purpose to begin with information relative to who's who and what's what, in our immediate surroundings.

Through such efforts it is to be hoped that it will make it practically impossible to have a repetition of the deplorable condition that existed at the polls on Tuesday at the Primary election, relative to registration with party affiliation and that every precaution in the future is taken to place the elective correctly upon the polling list.

The members of the League, their friends and prospective members, are urged to watch for announcements of its activities in the columns of this paper. Please do not delay sending your dues for 1920-21 to the treasurer.

NARBERTH AND BUCKS COUNTY COUNTRY CLUB IN MEET ON LOCAL COURTS—HOPE TO PLAY FINALS IN SINGLES CHAMPIONSHIP

This afternoon, Saturday, September 24, promises weather permitting to be a big day on the courts of the Narberth Tennis Association, at Haverford and Montgomery avenues.

There is to be a club meet between players representing the Narberth Association, and the Bucks County Country Club of Langhorne. There will be six singles matches and three doubles matches.

It is also hoped that it will be possible to play off the finals in the Narberth Singles Tournament to decide the championship for 1921.

A. T. Grogan, runner up in last year's singles tournament, is again this year, one of the players who has come through to the finals. Opposed to Grogan will be the winner of the semi-final match between C. L. Warwick and Robert Fretz. At the time of going to press with this week's issue of Our Town, the Warwick-Fretz match had not been played, but the Tournament Committee is endeavoring to have this match played before Saturday so as to permit the two finalists to enter the championship contest this afternoon, fresh, and ready to do their very best.

Playing this afternoon will start promptly at two o'clock and the tentative program is to run off the singles championship match first, to be followed by the Narberth-Bucks County Club meet.

May Play Juniors Finals Too

An effort will be made to play off the final match in the Juniors' Singles championship. The two boys contending for this honor, and the silver cup that will be awarded to the winner, are Bob Gilfillan and Wells Wanamaker. Both of these juniors play a fine game and their match will be well worth seeing.

It is hoped too, to complete Consolation Doubles Tournament, in which several matches remain to be played before reaching the finals.

The club meet will afford a lot of interest because of the fact that it is the third meeting between Narberth and Bucks County. On the two previous occasions Narberth won, but the margin of victory was not large enough to guarantee a third victory. The visiting players are coming to Narberth determined to regain their lost laurels and a lot of lively tennis may be looked forward to in this afternoon's matches.

WAR HERO BURIED

Funeral services will be held on Sunday, September 25th, 1921, at 2 P. M., from his parents' residence, 5415 Master street, Philadelphia, of Private James S. Lockhart, Co. E, 316 Infantry, 79th Division, who was wounded in the Meuse-Argonne Campaign on the 28th of September, 1918, and died October 2nd, 1918, in Mobile Hospital No. 1, France. Interment will be in Fernwood Cemetery.

Private Lockhart formerly lived at 4222 Parrish street, Philadelphia, until he was ordered to Camp Meade on May 27th, 1918. He will be remembered by his many friends, the residents of Narberth and Ardmore as "Little Jimmy the Milkman" of Scott-Powell Dairies, in whose services he was most faithful.

Big American Legion
Meeting on Monday

FLETCHER W. STITES TO SPEAK—BIG ENTERTAINMENT PLANNED—ALL EX-SERVICE MEN INVITED

The monthly meetings of the Narberth post of the American Legion will be resumed next Monday evening, September 26, at Elm Hall.

A big program has been arranged which surpasses the several good programs which were carried out last spring, but still the Social Committee maintains that this is only the opening wedge and that each meeting will be better than the previous one.

Note This Program

First and foremost among the head liners for Monday night is the Honorable Fletcher W. Stites. Certainly he needs no introduction to Legion members. The rousing talk which he gave at the Armistice Day celebration of the Main Line Posts last fall is still remembered by the Legionnaire. Count on it that he will have a real message to present and will deliver it in the inimitable Stites style.

The Social Committee refuses to divulge the full program of entertainment, but states that there are surprises in store for the bunch. The Committee was willing to say that Mr. R. H. Durlin, Senior, had consented to repeat the excellent recitations with which he favored us last spring. It is also rumored that there will be lots of music and something to smoke.

Delegates to Report

The State Convention of the Legion is now in session at Pittsburgh. Our delegate, H. Newton Compton will be on hand to give us a report of the meeting. This news will be hot off the bat and ought to be mighty interesting.

Out For New Members

The membership Committee is hot on the trail of new members and is having excellent success. Ex-service men may join now at a very nominal charge for the remainder of the year. Every effort is being made to search out all new prospects in Narberth. Every member of the post should be a committee of one in his own neighborhood to get new men and to bring them to the meeting on Monday. The post extends a welcome to every ex-service man to come to this meeting and to join the liveliest post on the Main Line.

Dance Dates Being Arranged

A full program of dances for the season is being prepared and will be reported in a short time. This will be good news to those who have looked forward in the past to each legion dance with its good music and general good time.

Boy Scout News

MR. F. W. E. STEDEM ADDRESSES THE BOYS ON BIRD STUDY AT MONDAY'S MEETING

At the regular weekly meeting of the Narberth Troop, Boy Scouts of America, a very interesting talk was given by Mr. F. W. E. Stedem, of Narberth, on the subject of "Birds about Narberth."

The talk was both interesting and instructive, and was listened to attentively. The speaker has a thorough knowledge of bird habits gained from a life-long association with these interesting creatures, and he illustrated the talk with stories and incidents found in his study of bird life. Probably the most interesting incident was that of the mother robin who, after her own brood had grown up, assisted a sparrow family in feeding her youngsters.

A point of great value brought to the attention of the boys starting in their study of birds, was that of thoroughness. "Learn all you can about the habits of some one bird, even though it be a common one, rather than to

CITIZENSHIP AND WHAT IT MEANS TO OUR WOMEN VOTERS

(By an Associate Editor)

Our recent local primary election was quite naturally the time to bring up many questions regarding women voters and the ballot.

The Nineteenth Amendment gave the women of the United States the privilege to vote and also gave them other privileges such as jury duty and the payment of taxes on occupation, both of which have been the right and duty of male voters.

The voting privilege seems to have been gracefully accepted, in fact it seems to have been foremost in the minds of those who worked for the amendment. The amendment however gave them the rights of citizenship including the vote and it is to be hoped that other duties will be as graciously accepted.

The business of making the lists of citizens and gathering such information as occupation and political preferences is quite a difficult one and it is natural to suppose that some errors would occur in the first enrollment.

Co-operation is what is needed to make the records complete, and if our assessors and their assistants are given all the information requested our records will shortly be completed.

As the September Primary Election is strictly a Party Election to nominate candidates, replacing the old political convention whereby candidates were more or less "hand picked" to use a popular expression, it is necessary that voters be enrolled representing a definite party. Were we voting in Utopia and there had never been any political dirty work, such as "repeating," etc., our elections would be a much simpler proposition, but laws have to be made to cover people of various ideas as to their duty to their fellow-man.

That our voter's lists are not complete and correct might be accounted for in any of three ways, the assessor might have made errors or omissions, the information might have been requested and refused, or errors or omissions might have been made in transcribing the data from the original copy. However, at the November election, there should be no confusion as all

eligible voters will be given a ballot. As to the tax on occupation of women voters, here again we have one of the privileges and duties of citizenship. Male voters have paid the tax on occupation without complaint, so some time as they realize that the money will be wisely expended by borough and county officers for the benefit of all.

Education is one of the basic laws of civilized peoples and it has been said that death and taxes are the two things that cannot be evaded.

If taxes are collected from women citizens, it means that the necessary revenue collected on properties will be proportionately less, as enough money to maintain the borough and county in a manner satisfactory to the taxpayers is all that our officials want to assess and collect.

After all it matters not if Mr. John pays less taxes on the house or less rent, and Mrs. John pays an occupation tax because it all goes to the same cause. Mrs. John should be proud of the fact that she is a citizen and a taxpayer.

Borough taxes are discountable before October first which makes the housewife's payment \$3.33 if discounted, or \$3.49 if paid between October first and January first. This is based on the housekeeper's assessment of \$100.00, those assessed higher will pay proportionately more.

Let us hope that none of our new women voters will be found on the delinquent tax list and that they have accepted the privilege of paying taxes along with the other rights of citizenship.

A PLEASING DISCOVERY

Some weeks ago, in an editorial on the condition of Haverford avenue, we spoke of a dead cat which had been reposing in a gutter for some time, remarking that the friend who had informed us of its presence had said it was still there.

Some days later, a good friend of ours stopped us on the street, and asked the following pertinent question. "If your informant saw the cat in the gutter, why didn't he remove it instead of writing the paper about it?"

As the man said when he sat in the basin of water, "There is something in that." It had not formerly appealed to us from that angle.

We learned two interesting things from the friend who made this observation on the cat situation; first, that there is one man in Narberth, of a philosophical turn of mind, who possesses a sense of humor; second and still more pleasing, that there is one man in Narberth who reads the Editorials.

Verily, a pleasing discovery two of 'em, in fact.

Communications

To the Editor of Our Town:

There is situated on the corner of Narberth and Chestnut avenues a magnificent old oak tree, as I understand one of the land marks of Narberth.

Is there not enough pride in the citizens of this borough to make a plea to the owner of this lot to at least have the weeds cut down and the place kept in at least some semblance of decency? To have such an unsightly lot right in the heart of the borough is not doing much to boost the place along.

Is it not the object of the Civic Association to improve the town and make it a fit place to live in, make it beautiful, healthy and a place for a man to be proud of? Surely such are the wishes of its citizens.

I have made a request to the Borough Fathers to look into this matter, but they say that they have no jurisdiction over vacant lots, high grass, weeds, rubbish piles, etc. Please, Mr. Editor, advise me what we can do to abate this nuisance. The sidewalk is overgrown with weeds, making it impassable after a rain. Surely there is some way of appealing to the better side of the owners of these lots to at least keep the weeds down and placing signs preventing the thoughtless ones from depositing rubbish on the said vacant lots.

Please, Mr. Editor, see what you can do for us.

POLITICAL ADVERTISEMENT I

In the last issue of Our Town there appeared several letters in defense of the present and past management of the Narberth Schools.

Tuesday's primary confirmed the statement that "there is a wide spread dissatisfaction with the conduct of our school affairs." In spite of the handicap that only the names of those two directors who seek re-election appeared printed on any ballot, 45 per cent. of the Republican voters expressed themselves as favoring a change, and only 23 per cent. of the Democratic voters expressed themselves as not desiring a change.

The names of Abbie W. Nickerson and Harry M. Chalfant will therefore appear in the Democratic column on the ballot at the November election (although they are Republicans) as the candidates of that party for school director.

In one of the articles referred to it was stated that there was an attempt to "usurp" the School Directorship. The author must have based such a conclusion upon the premise that it is the school Board's prerogative to choose all candidates for membership thereon. In communities which come under the domain of Autocratic Governments, certain prerogatives go with certain titles and are handed down from generation to generation. Thus we read in the histories of such countries of frequent attempts to "usurp the prerogatives of the Crown," etc. If the author of the above mentioned article will read the Constitution of the United States, he will note that that instrument deliberately vests in the people themselves the prerogative of choosing their own public servants.

This Committee is positively non-partisan in its purpose; its membership consists entirely of parents and taxpayers of Narberth. Of its officers, two are Republicans and one a Democrat.

It is concerned in the coming election only in so far as the School Directorate is concerned.

It deplores the fact that 25 per cent. of the children of Narberth are attending outside schools, that our High School does not receive the proper recognition from the Colleges and Universities, considers as unfair the placing of the blame for the past years upon the shoulders of the faculty of the previous year, and views with alarm the continuation without check of autocratic control of school directorships.

Millinery Classes

OF INTEREST TO THE WOMEN OF NARBERTH

The Lower Merion Department of the Y. M. C. A. of Philadelphia regrets that arrangements could not be made by which a class in Millinery could be put on at Narberth this Fall. Under the conditions we have done the best we can.

Our former unusual instructor, Madam Thasin, is with us again. She comes directly to us from New York, where she has been designing in one of the largest and most modern establishments. She, therefore, has the latest ideas in style for the coming season.

For the Fall Term, during the next twelve weeks, classes will be held in our Association Building at Ardmore every Thursday from 10.00 to 12.00 A. M., and from 7.00 to 9.00 P. M. We will be glad, indeed, to see any of the Women of Narberth who may be interested, associating themselves with one of these groups. We would further be pleased to get the names of any who may be interested in a class of practical up-to-date dressmaking. We have available an instructor whose experience and ability assures us that a very high grade of instruction will be given, provided we get a sufficient number to take the work. Any one who may be interested in French will do well to get in touch with us just as soon as possible.

PRESBYTERIAN SUNDAY SCHOOL TEACHERS MEET

The regular monthly meeting of the Narberth Presbyterian Sunday School Teachers' Association was held on Friday evening, September 16th.

The regular order of business was laid aside and the fall and winter work was outlined and explained by the Superintendent. The Associate Superintendent and pastor were then called on for remarks.

There were few absentees, and the meeting ended with refreshments, donated by two friends of the Association.

Mr. and Mrs. R. S. White, of "The Maples," have returned from New England where they spent the summer.

Miss Ava C. Mulholland has returned to New London, Conn., where she will enter her second year at the Connecticut College for Women.

Paul Braden, a former resident of Narberth, who is now residing on Long Island, entered Rutgers College, at New Brunswick, N. J., this fall.

T. C. Trotter, Jr., who for twenty years was a member of the Narberth election board, sat on the side lines Tuesday and watched the other fellows work.

Mr. and Mrs. W. N. Mills, of Forrest avenue, left Narberth on Wednesday for Los Angeles, Cal., where they expect to reside.

Mr. and Mrs. Ralph O. Claypoole, of Chestnut avenue, are being congratulated on the birth of a daughter, Betty Louise, on September 21st.

Dr. D. Walter Steckbeck, professor of Botany at the University of Pennsylvania, returned this week to his home on Wayne avenue, after a three month's trip through Europe.

Among the Narberth people who attended the Shriners' Ceremonial at Atlantic City last week were Mr. and Mrs. B. S. Mellor, Robert A. Pattison and William S. Howard. Doc Howard finished tenth in the long line of cars from Philadelphia to Atlantic City, being but 55 seconds behind the winner.

BOY SCOUT NEWS

attempt to see and study too many different ones in too short a time," Mr. Steben said, and illustrated this point with some interesting points on the robin's method of procuring worms. Few in the audience knew before that the robin hears and does not see the worm.

Then there followed a brief list of the birds to be seen in this locality at the different seasons of the year, and finally, suggestions on how to observe the birds, and necessary equipment for field study. We are told that one boy, on reaching home, said to his father, "Gee, that was interesting."

The Editor of Our Town was another visitor at this meeting, and was impressed by the excellent discipline and interest maintained by the Scoutmaster, Mr. Fred C. Patten. He makes it a point at each weekly meeting to give the boys a small amount of instruction on Nature or kindred subjects. The very instructive talk of Monday night certainly fitted in with this policy.

At this meeting announcement was made of the appointment of Merritt Davis to the position of Assistant Scoutmaster. This is the first time in many months that Mr. Patten has had an assistant in his difficult and most important task. Are there not two or three young men in Narberth, with an interest in the boys, who would be willing to give a small amount of time each week as Assistant Scoutmaster?

The work is certainly valuable to Narberth's growing boys. Anyone interested is invited to talk it over with the Scoutmaster.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 3 lines; 5 cents for each additional line.

Many Women Unable to Vote

Due to incomplete registration, and the failure of many women to register according to party, a great deal of confusion resulted at the primaries. The interest in the School Board nominations brought a large proportion of the women voters out, numbers of whom were unable to vote on either the Republican or Democratic nominees.

It is stated that this was due, partly to the new voters' ignorance of the method of conducting the primaries, and partly to a large number of errors in copying the registration records. It is true that in some cases, where a voter was correctly entered in the public list downstairs in Elm Hall according to party, he or she was recorded as non-partisan, or with no party registry, in the book used by the election officials at the polls.

Many others claimed that they had registered according to party, and had seen their declaration so recorded. The office of the County Commissioner at Norristown was besieged with phone calls from voters asking if something could not be done at that late hour to straighten things out. They were informed that the records at the Narberth polls would have to stand at this election.

The inability of many to vote on the partisan nominations did not prevent them from casting their ballots on the question of the proposed constitutional convention, and 409 votes were cast on this question.

Failure of registration according to party will not prevent those barred from the primary from voting at the general election in November. It is hoped that some steps will be taken to keep the voters informed on methods of registration, so that this condition will not be repeated at a future primary election.

The Women Voters' Meeting

The newspapers in general are of the opinion that the failure of the Constitutional Convention project was due to the pernicious activities of the famous General Apathy. It is certain that an unusually small vote was cast throughout the State, and that few voters knew much about the subject.

In the face of this it is interesting to note that the large vote polled on the question in Narberth, and the fact that here the vote was favorable by a proportion of six to one.

The Women Voters' League, a report of which follows, played an important part in Narberth's response to this question.

First Aid To Narberth Citizen

LEAGUE OF WOMEN VOTERS HOLDS SUCCESSFUL TOWN MEETING

Kenneth Pray Present Strong Case for Constitutional Convention

The whole borough of Narberth was officially present at the meeting of the League of Women Voters in Y. M. C. A., last Friday evening. Mrs. C. P. Fowler, the President of the Narberth chapter, after calling the meeting to

order, introduced the dozen town fathers who were present and persuaded them to sit on her right hand.

As certain needed changes will curb the influence of the members of the legislature, the public can not expect the legislature to amend the constitution on its own initiative.

A budget system, now a necessity in all well ordered business, private and public, is impossible under our present constitution. At present no one knows until at the end of the session how much is being spent. The needs of the State are fairly well fixed and should be studied intelligently before appropriations are made.

Mr. Pray showed that the development of the State is being hampered by our present constitution which hints to a certain figure altogether too small—the amount that may be used for highways.

If State aid is to be continued, the speaker urged that the public money be paid to institutions according to classes and that the amount granted pay for a service rendered in behalf of the State.

The need of better provision for reforestation—possible only through an amendment—was another of the many grounds on which Mr. Pray based his appeal for revision.

knowledge of the rudiments of music. No dues. A very nominal entrance fee. Rehearsals are every Monday night at 8 o'clock sharp at the Y. M. C. A.

An unusual opportunity is being offered to the singers of Narberth to obtain valuable training under Prof. Clarence C. Nice, and to help produce good music for the folks of Narberth.

Application should be made as soon as possible so as to be included in the concert at the Metropolitan Opera House. If you wish to join before next Monday evening, telephone Prof. Nice (Narberth 1608) for an appointment, at which time the music can be secured.

Whether you are a professional soloist or not, you can always learn more, especially under a professional director. On the other hand, the Society does not require that you be a soloist to be eligible for membership.

order, introduced the dozen town fathers who were present and persuaded them to sit on her right hand.

Their presence did not in the least disturb Mrs. A. B. Ross, who gave a highly instructive talk on the organization of the Borough government. Truly, after hearing the questions of some of the men and the ready answers of Mrs. Ross, it was hard to believe that it was not the men who have been disfranchised for so many years.

Hon. Fletcher W. Stites explained the County machinery and gave helpful side lights on some of the offices as well as on their incumbents and aspirants. The current year in the County is the "off year" politically.

Among some of the facts brought out by questions in the open forum were the following:

Registration days for primaries in boroughs throughout the State are the 61st and 62nd day before primaries.

It has been possible for several years to vote a split ticket at final election, but is not possible at primaries.

Mr. Dothard explained that each borough fixes the rate of the school tax—basing it on the total assessments and school budget.

Technically, one must pay his or her tax in order to vote, and as no one has ever been challenged for this cause, it is assumed that all taxes are paid up. (Large smile on face of Tax Collector.)

Narberth is now in the 9th Congressional district instead of 8th, as before the redistricting.

The Constitutional Convention

Mr. Kenneth L. M. Pray, Secretary of the Public Charities Association of Pennsylvania, who has been at Harrisburg for several sessions and who was to a large extent responsible for the passage of the bill creating the Department of Public Welfare, gave a convincing talk on the events of the proposed Constitutional Convention which was defeated by the State at the primaries.

He explained that the vote at the primary was whether or not the Governor should call the convention, and at the November election, citizens would elect three delegates from each Congressional district—each elector voting for only two candidates. The electorate will have an opportunity to vote on such changes as are proposed by the Constitutional Convention.

The last convention was fifty years ago. During this period there have been many transitions in theory and form of government so that a revised Constitution is now a necessity if we are to keep in the front of American Commonwealths.
